Balto® Jump

Knee Brace

Supports Cranial Cruciate Ligament (CCL) trauma, including full or partial tearing, luxating patella, and knee joint conditions such as arthritis, arthrosis and varus/valgus instability.

Can be used as pre/post-surgical support, contralateral support, and as an alternative when surgery isn't an option. Removable splints also allow the brace to be used for compression.

MEASUREMENT A:

Circumference of upper thigh

MEASUREMENT B:

Circumference above the hock

Balto® Ligatek

Knee Brace

The Balto® Ligatek is designed to stabilise post-traumatic or acquired knee joint deficiency. Adjustable hinges allow the user to control the ROM (range of motion) and lock the joint into full immobilization or controlled degrees of flexion/extension. The width and length can be adjusted using our trimmable straps, and the upper and lower padding can be extended or shortened to ensure an excellent fit around the leg.

Recommended for post-operative care in cases of cranial-caudal cruciate ligaments deficiency, patellar surgical procedures, and conservative treatment as an alternative to surgery.

MEASUREMENT A: Circumference of the dog's thigh between the groin and knee
MEASUREMENT B: Circumference of the dog's paw between the knee and hock
MEASUREMENT C: Distance between the knee and the back of the hock

Balto® Joint

Carpal Compression Brace

The Balto® Joint comfortably stabilises the affected area, reducing pain and swelling while the animal heals.

It can also provide protection for wraps and bandages from licking or biting. By removing the rigid splints, the brace can also be used as a compression brace for acute or chronic arthritis and arthrosis.

This brace is ideal for carpal lesions, lameness, arthritis, and arthodesis.

ITEM #	SIZE	WEIGHT	CIRC.
BTJOINTXS	XS	4 - 8kg	6cm
BTJOINTS	S	8 - 25kg	7.5cm
BTJOINTM	M	25 - 35kg	10.5cm

BTJOINTXL	XL	50+ kg	13.5cm

CIRCUMFERENCE:

Circumference of the metacarpus

Balto® Bone

Fracture Brace

The Balto® Bone is an alternative to splints and casts for treating hyperextension and bone fractures of the front leg, ensuring support and stabilisation during the healing process.

The brace features three rigid splints - one fixed onto the back of the brace, and two that can be freely adjusted with Velcro® to provide the optimum fit for your pet.

ITEM #	SIZE	WEIGHT	LENGTH
BTBONEXS	XS	5 - 10kg	8 - 10.5cm
BTBONES	S	10 - 15kg	11 - 14cm
BTBONEM	M	15 - 25kg	14.5 - 18cm

BTBONEXL	XL	45 - 55kg	22 - 27cm
BTBONEXXL	XXL	55+ kg	27+ cm

LENGTH: Find the length of the affected leg by measuring from an inch below the elbow down to the carpus.

NOTE: It's recommended to use the Balto® Splint on the unaffected leg so the dog can better compensate for the compromised leg.

Balto® Splint

Carpal & Tarsal Laxity Splint

The Balto® Splint is specially designed to help support the radiocarpal, carpometacarpal and tarsometatarsal joints on the front and rear paws.

This brace is ideal for hyperflexion or hyperextension of the carpal and tarsal, minor ligament distortions, sprains, and minor bone fractures.

ITEM #	SIZE	WEIGHT	CIRC.

CIRCUMFERENCE:

Circumference of the metacarpus

Balto® Hock

Hock Brace

Addressing hock pain, lameness and neuromuscular problems, the Balto® Hock is also ideal for achilles injuries and orthopedic conditions, neurological conditions, pre/post-surgical immobilisation, and contralateral support.

Can be used as an alternative when surgery isn't an option, and can also be used without splints for conditions such as arthritis and arthrosis.

MEASUREMENT A: Circumference of tibia

MEASUREMENT B: Circumference of metatarsus

Balto® Soft

Elbow Brace

The Balto® Soft is designed to assist with patients suffering from a number of elbow conditions including hygromas, sores and calluses, arthritis, arthrosis, and elbow dysplasia.

The **Balto® Soft Plus** is also available for cases that require bilateral elbow support or restriction.

ITEM #	SIZE	WEIGHT	LENGTH
<i>Balto® Soft - Left</i>

BTSOFTDELXL	XL	45+ kg	80 - 115cm

LENGTH: Distance from the elbow to the opposite elbow when measured over the back

Balto® Lux

Shoulder Brace

The Balto® Lux is designed to limit the overall abduction of the shoulders. Aids in minor issues as well as shoulder diseases that require limited movement of the joint. It can also be used as a post-operative device to promote gradual rehabilitation.

It is recommended for issues such as instability of the shoulder joint, shoulder dysplasia, joint laxity or hypermobility, dislocation, and inflammation.

ITEM #	SIZE	WEIGHT
BTLUXS	S	10 - 19kg
BTLUXM	M	20 - 49kg
BTLUXL	L	50 - 80kg

Balto® Pull

Brace for Phalanges Hyperflexion

The Balto® Pull addresses neurological disorders that cause severe proprioceptive deficits, such as dorsiflexion, where a dog is unable to sense the position of its limb on the ground, causing it to stand on the top of its paw.

It can also be used when dealing with damage to the sciatic nerve to prevent injury due to shortening of the flexor tendons of the paw.

ITEM #	SIZE	WEIGHT
BTPULLXXS	XXS	1 - 5kg
BTPULLXS	XS	5 - 10kg
BTPULLS	S	10 - 20kg
BTPULLM	M	20 - 40kg
BTPULLL	L	40+ kg

Balto® Life

Hip Dysplasia Brace

The Balto® Life is ideal for dogs with all degrees of hip dysplasia, relieving pain by providing bilateral hip compression via two rigid disks lined with a double layer of soft material. The brace features adjustable, removable handles to help pets with limited mobility.

It can be used as an alternative when surgery isn't an option, though it is not recommended to use in place of surgery.

ITEM #	SIZE	CIRC.
BTLIFEXS	XS	15 - 20cm

BTLIFEXL	XL	50 - 55cm

CIRCUMFERENCE:

Circumference of the upper thigh

Balto® Body Lift

Body Harness with Handles

The Balto® Body Lift is a solution for dogs with difficulty walking due to trauma, disease, or paralysis. The brace can also be used to support and compress the spinal column via two removable, rigid splints contained within the brace's side pockets.

Features length adjustable handle straps and a padded grip, allowing even large dogs to be lifted with ease.

ITEM #	SIZE	LENGTH
BTBODYXS	XS	25 - 32cm
BTBODYS	S	33 - 39cm
BTBODYM	M	40 - 49cm
BTBODYL	L	50 - 59cm
BTBODYXL	XL	60+ cm

LENGTH: Measure the distance from the shoulder to the thigh.

Balto® Up

Rear Harness Support

The Balto® Up provides mobility support for dogs with arthritis, osteoarthritis, hip dysplasia, and full or partial hind leg paralysis. Two rigid splints provide the firm stability needed for owners to help their dogs continue day to day activities, such as walking or climbing up and down stairs.

Features an easy-to-use, height adjustable handle.

ITEM #	SIZE	CIRC.

Balto® Neck

Rigid Neck Brace

The Balto® Neck is a compression brace designed to help pets recovering from hernias and vertebral injuries, as well as manage neurological issues associated with the neck. The brace can comfortably be used alongside the dog's personal harness for daily walks.

Due to the unique shape of their necks, the Balto® Neck is not recommended for use with sighthounds and bulldogs.

KONG® EQUINE

KONG ZOO
Enrichment

We designed KONG® products with your diverse needs in mind - you can stuff, hang or even cut the rubber without losing integrity.

Standing 30.5cm tall, our supersized KONG® is perfect for large animal use. From horses to giraffes, dolphins to black bears, the 12" KONG® Classic, 12" KONG® Classic Heavy Duty, and the 12" Classic Hanging Kit is durable, effective, and appropriate for a wide array of species.

With decades of experience in manufacturing and materials, animal health, and superior customer service, KONG® is your premier enrichment product source.

For more information, visit KONG® Equine at www.kongequine.com or KONG® Zoo at www.kongzoo.com

12" KONG® Classic

With two levels of durability, Standard and Heavy Duty, the 12" KONG® Classic (30.5cm) can be stuffed and frozen, used in dry or wet enclosures with large or small animals, and bounces unpredictably to stimulate any animal that plays with it.

Crafted with Zootooth™ rubber, a proprietary blend of all natural rubber that provides greater durability and flexibility.
