PREVENTION AND CARE

Complete and balanced nutrition

for dogs and cats with special needs

DAILY FEED FOR PETS

Prepared with natural ingredients and fresh meat, these **complete, balanced formulations** contain all the essential nutritional components in the right proportions to promote the proper development and well-being of dogs and cats.

This makes **Ownat Care** an excellent daily food for your pet.

CARING FOR SPECIAL NEEDS

Each formulation is reinforced with selected **functional ingredients** that provide **beneficial effects for specific health-related needs**.

Ownat Care is not a veterinary prescription diet. If your pet is unwell, please follow your vet's advice.

WHEN TO RECOMMEND OWNAT CARE

MOBILITY

Large breed dogs susceptible to **joint pain before** reaching maturity. Dogs with joint injuries leading to **mobility issues**. **Overweight** dogs with mobility problems. Instead of joint chondroprotective agents.

DERMATOLOGIC

Dogs with **sores, itching and sensitivity**. To improve overall health and encourage a smooth, shiny coat.

DIGESTIVE

Dogs with **imbalanced intestinal microbiota diversity**. Restores the gut microbiota after antibiotic therapy. Dogs with soft **faeces due to poor intestinal absorption**.

WEIGHT CONTROL

Adult dogs of all breeds which are **overweight or have a tendency toward overweight**. Dogs with joint pain causing **mobility problems**.

WITH A FRESH, ORIGINAL IMAGE

Our packaging design with its white background suggests **'care/health'** and draws attention to the benefits of each variety.

With black and white illustrations and a touch of colour to highlight the ingredients, it stands apart from the typical aseptic image of veterinary diets and symbolises the importance of a daily feed and the love felt by **owners that give their animals special care**.

EIGHT VARIETIES TO COVER THE MOST COMMON CONDITIONS

Four varieties for dogs and four for cats to address the most common special dietary requirements:

MOBILITY

DERMATOLOGIC

DIGESTIVE

WEIGHT CONTROL

HYPOALLERGENIC

RENAL

URINARY

WEIGHT CONTROL

HYPOALLERGENIC

Cats with **allergies to certain proteins** found in animal food. Cats with **digestive issues** where **grain intolerance** is suspected.

RENAL

Adult cats with **kidney disorders**; with a controlled mineral and protein content to **improve kidney function**.

URINARY

Adult cats **sensitive to urinary tract infections**; promotes diuresis and keeps the **urinary tract in optimum condition**.

WEIGHT CONTROL

Adult cats of all breeds which are **overweight or have a tendency toward overweight**. Cats with joint pain causing **mobility issues**.

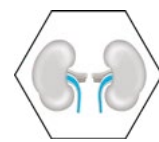

RENAL

Perfect nutrition for adult cats of any breed sensitive to renal system disorders. Includes a controlled content of minerals and proteins contributing to a healthy renal function as well as aromatic plants (harpagophytum and turmeric) to help the inflammatory response.

LOW IN MINERALS

A balanced mineral profile promotes urinary tract health.

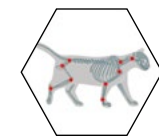

MODERATE IN PROTEIN

Moderate protein content to avoid kidney stress. These proteins are of high biological value that support muscle mass maintenance.

BOOSTS THE IMMUNE SYSTEM

Contains fresh apple, with high antioxidant content to boost the cat's immune system.

HELPS INFLAMMATORY RESPONSE

With harpagophytum and turmeric, plants that help the inflammatory response.

FORMATS: 1.5 kg / 3 kg

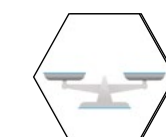

COMPOSITION: Fresh chicken* (30 % min. before extrusion), cassava roots* (12 %), dehydrated potato* (12 %), poultry fat (preserved with natural antioxidants), whole-grain rice* (8 %), salmon hydrolysate (7 %), dehydrated salmon (7 %), dehydrated pork, whole peas* (2 %), hydrolysed chicken protein, beet pulp, salmon oil (preserved with natural antioxidants) (1 %), brewer's yeast* (1 %), apple* (1 %), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (*Ascophyllum nodosum*) (500 mg/kg), yucca shidigera, cranberries* (200 mg/kg), dandelion* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

URINARY

Perfect nutrition for adult cats of all breeds with a tendency to suffer from urinary tract disorders. Formulated with aromatic plants (dandelion) to encourage diuresis. The combination of cranberries and balanced mineral content helps to keep cats' urinary tracts in tip-top condition.

MINERAL BALANCE

A balanced mineral profile helps to control urine pH.

PROMOTES DIURESIS

Aromatic plants like dandelion encourage more frequent urination.

BOOSTS THE IMMUNE SYSTEM

With cranberries, an antioxidant-rich with immune system boosting properties.

EXTRA OMEGA-3

High salmon content, natural source of omega-3 fatty acids which help the inflammatory response.

FORMATS: 1.5 kg / 3 kg

COMPOSITION: Fresh chicken* (30 % min. before extrusion), whole-grain rice* (14 %), dehydrated pork, dehydrated salmon (10 %), cassava roots*, whole peas* (6 %), salmon hydrolysate (6 %), dehydrated potato*, poultry fat (preserved with natural antioxidants), beet pulp, hydrolysed chicken protein, salmon oil (preserved with natural antioxidants) (1 %), brewer's yeast*, apple* (1 %), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (*Ascophyllum nodosum*) (500 mg/kg), yucca shidigera, cranberries* (200 mg/kg), dandelion* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

*Natural ingredients

WEIGHT CONTROL **NEW**

Recommended for regular feeding of adult cats of all breeds with weight issues. It provides moderate fat content to reduce calorie intake and prevent weight gain, as well as functional ingredients to protect the joints. It has a high fibre content, which is satiating and beneficial for digestive well-being.

HIGH FIBRE CONTENT

High fibre content with an appetite controlling, satiating effect.

JOINT PROTECTION

Enriched with glucosamine and chondroitin sulphate to protect joints, which may be subjected to excessive strain in cases of overweight. Contains grape plant roots and turmeric to help with the inflammatory response.

WEIGHT CONTROL

Low-calorie, low-fat content to help prevent weight gain. Enriched with L-carnitine to promote fat mobilisation.

DIGESTIVE WELL-BEING

With chicory root and yeast cell walls to support the development of beneficial microbial populations in the intestine.

FORMATS: 1.5 kg / 3 kg

COMPOSITION: Fresh turkey* (20 % min. before extrusion), dehydrated chicken (12 %), dehydrated pork (12 %), salmon hydrolysate (10 %), dehydrated sweet potato* (8 %), peas* (8 %), lignocellulose, rice* (7 %), wheat bran, dehydrated salmon (3 %), beet pulp, poultry fat (preserved with natural antioxidants), hydrolysed chicken protein, brewer's yeast* (1 %), apple* (1 %), dehydrated alfalfa*, rock salt*, chicory roots (FOS)*, yeast extract (MOS), malt extract, glucosamine (1,000 mg/kg), dehydrated marine algae* (*Ascophyllum nodosum*) (500 mg/kg), chondroitin sulfate (250 mg/kg), yucca shidigera, cranberries* (100 mg/kg), grape plant roots* (100 mg/kg), turmeric* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

HYPOALLERGENIC

Premium feed with fish as a single source of protein. Grain free. A good choice for protecting from allergies and intolerances. The fish content contributes optimal levels of essential fatty acids for healthy skin and silky, shiny fur.

0% CEREALS

A grain-free formula that avoids cereal intolerance and allergies.

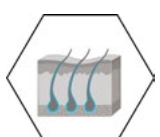

MONOPROTEIC - A SINGLE ANIMAL PROTEIN

A single source of protein allows for the selection of the most appropriate protein source for cats with allergies and intolerances through an elimination process.

HIGHLY DIGESTIBLE

With fish as a single protein source and a grain-free recipe to ensure superior digestibility.

SKIN AND FUR CARE

High levels of omega-3 keep the skin healthy and fur silky and shiny.

FORMATS: 1.5 kg / 3 kg

COMPOSITION: Fresh oily fish* (min. 30% before extrusion), dehydrated potato* (22%), dehydrated fish (20%), hydrolysed salmon (10%), cassava roots*, poultry fat (preserved with natural antioxidants), beet pulp, brewer's yeast*, hydrolysed vegetable protein, apple* (1%), salmon oil (preserved with natural antioxidants) (0.5%), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae (*Ascophyllum nodosum*)* (500 mg/kg), yucca shidigera, cranberries* (100 mg/kg), turmeric* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

*Natural ingredients

MOBILITY

Indicated for dogs with delicate joints, in the growth phase as well as for adults and seniors. Contains a moderate calorie content to prevent weight gain and with functional ingredients for improving joint health.

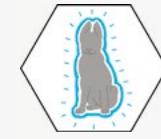

JOINT PROTECTION

The high chondroitin sulphate and glucosamine content helps reduce joint wear, while simultaneously ensuring proper maintenance of the synovial fluid.

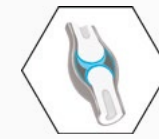

HELPS INFLAMMATORY RESPONSE

Krill and salmon are an excellent source of omega 3 fatty acids, while harpagophytum and turmeric have effective anti-inflammatory properties.

BOOSTS THE IMMUNE SYSTEM

The combination of the cranberry, a fruit with a high nutritional value containing a high concentration of antioxidants and vitamins, together with nucleotides and highly absorbable organic minerals helps to boost the dog's immune system.

PROMOTES JOINT MOBILITY

The extra hydrolysed collagen content is essential for improving the mobility and functionality of the joints.

FORMATS: 3 kg / 10 kg

COMPOSITION: Fresh chicken* (min. 30% before extrusion), dehydrated chicken, whole-grain rice* (12%), whole maize*, whole peas*, hydrolysed salmon (5%), poultry fat (preserved with natural antioxidants), cassava roots* (4%), carob pods*, dehydrated krill* (2.5%), hydrolysed chicken protein, beet pulp, salmon oil (preserved with natural antioxidants) (1.5%), yeasts (nucleotides)* (1.5%), hydrolysed collagen (1%), apple* (1%), linseed*, rock salt*, fructo- and mannan-oligosaccharides, chondroitin sulphate (1,500 mg/kg), glucosamine (1,000 mg/kg), dehydrated alfalfa*, dehydrated marine algae (*Ascophyllum nodosum*)* (500 mg/kg), yucca shidigera, cranberries* (100 mg/kg), grape plant roots* (100 mg/kg), turmeric* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

DIGESTIVE

Regular food for dogs with sensitive gastrointestinal tracts. Carefully prepared with natural ingredients, probiotics and prebiotics, for boosting intestinal health, promoting balanced intestinal flora, and optimal digestion.

DIGESTIVE WELL-BEING

Vegetable ingredients are a source of refined carbohydrates which, together with carminative aromatic plants, promote digestive well-being.

WITH PROBIOTICS

The added probiotics have a beneficial effect on intestinal microflora, reducing the population of many harmful intestinal bacteria.

HIGH DIGESTIBILITY

With superior natural ingredients, high proportions of fresh meats and limited selected wholegrain cereals. We prepare this recipe following our exclusive **SOFT COOKING** process: the ingredients are cooked naturally by steaming to retain maximum nutritional quality and achieve exceptional digestibility.

WITH PREBIOTICS

Chicory root fibre and mannanoligosaccharides are a source of soluble fibre that stimulates the growth of healthy bacteria in the intestine. They improve the digestion and absorption of nutrients while promoting the immune system and helping to minimise the occurrence of diarrhoea.

FORMATS: 3 kg / 10 kg

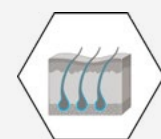

COMPOSITION: Fresh chicken* (min. 20% before cooking), dehydrated chicken, cassava roots*, dehydrated sweet potato* (10%), whole maize*, whole-grain rice* (7%), poultry fat (preserved with natural antioxidants), hydrolysed salmon (6%), dehydrated fish, carob pods*, hydrolysed chicken protein, beet pulp, salmon oil (preserved with natural antioxidants), yeasts (nucleotides)* (1.5%), apple* (1%), linseed* (1%), rock salt*, dehydrated alfalfa*, chicory roots (FOS)* (2 g/kg), yeast extract (MOS) (2 g/kg), dehydrated marine algae (*Ascophyllum nodosum*)* (500 mg/kg), yucca shidigera, cranberries* (100 mg/kg), grape plant roots* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

DERMATOLOGIC

Indicated for regular feeding of dogs susceptible to dermatological sensitivities. Provides balanced nutrition. Made with quality, low-allergen proteins and with functional ingredients to mitigate redness, itching and ensuring that the skin and fur are soft and healthy.

SKIN AND FUR CARE

Borage oil nourishes, softens and protects your pet's fur and skin. This effect is enhanced by the extra omega-3 provided by the krill and salmon.

100% HYDROLYSED ANIMAL PROTEIN

All animal proteins are 100% hydrolysed to avoid allergic responses.

HIGH DIGESTIBILITY

Product prepared with hydrolysed raw materials with high nutritional content and absorption availability rate.

HELPS INFLAMMATORY RESPONSE

As well as being a superb source of omega-3 fatty acids, krill, salmon, harpagophytum and turmeric also improve the inflammatory response.

FORMATS: 3 kg / 10 kg

COMPOSITION: Hydrolysed salmon* (14%), whole-grain rice* (13%), dehydrated potato*, hydrolysed wheat gluten (12%), poultry fat (preserved with natural antioxidants), hydrolysed animal protein (10%), cassava roots*, carob pods* (5%), beet pulp, dehydrated krill* (2.5%), yeasts (nucleotides)* (1.5%), linseed* (1.5%), salmon oil (preserved with natural antioxidants), borage seed oil (with about 20.5% gamma-linolenic acid) (0.5%), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae (*Ascophyllum nodosum*)* (500 mg/kg), yucca shidigera, turmeric* (100 mg/kg), grape plant roots* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

WEIGHT CONTROL **NEW**

Recommended for regular feeding of adult dogs of all breeds with weight issues. It provides moderate fat content to reduce calorie intake and prevent weight gain, as well as functional ingredients to protect the joints. It has a high fibre content, which is satiating and beneficial for digestive well-being.

HIGH FIBRE CONTENT

High fibre content with a satiating effect to help control appetite.

JOINT PROTECTION

Enriched with glucosamine and chondroitin sulphate to protect joints, which may be subjected to excessive strain in cases of overweight. Contains grape plant roots and turmeric to help with the inflammatory response.

WEIGHT CONTROL

Low-calorie, low-fat content to help prevent weight gain. Enriched with L-carnitine to promote fat mobilisation.

INTESTINAL FLORA

With chicory root, yeast cell walls, and probiotics to promote the establishment and development of beneficial microbial populations in the intestine.

FORMATS: 3 kg / 10 kg

COMPOSITION: Fresh turkey* (20 % min. before extrusion), dehydrated chicken (13 %), oats* (11 %), peas* (11 %), dehydrated sweet potato* (7 %), salmon hydrolysate (6 %), wheat bran, lignocellulose, dehydrated pork (4 %), dehydrated salmon (4 %), carob pods* (4 %), beet pulp, poultry fat (preserved with natural antioxidants), hydrolysed chicken protein, brewer's yeast* (1 %), apple* (1 %), salmon oil (preserved with natural antioxidants), dehydrated alfalfa*, rock salt*, chicory roots (FOS)*, yeast extract (MOS), glucosamine (1,000 mg/kg), dehydrated marine algae* (*Ascophyllum nodosum*) (500 mg/kg), chondroitin sulfate (250 mg/kg), yucca shidigera, cranberries* (100 mg/kg), grape plant roots* (100 mg/kg), turmeric* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg). *Natural ingredients

OWNAT GRAIN FREE HYPOALLERGENIC

THE ANSWER TO ALLERGY PROBLEMS

LAMB

The grain-free recipe with lamb as the single source of animal protein makes this an excellent alternative for resolving allergy and intolerance problems. Contains 50% fresh lamb that provides proteins of high biological value, has exceptional flavour and is highly appetising, ensuring the best use of nutrients.

COMPOSITION: Fresh lamb* (min. 50% before extrusion), dehydrated lamb (14%), cassava roots* (9%), animal fat (preserved with natural antioxidants), whole peas* (9%), carob pods* (5%), dehydrated potato* (3%), apple* (1%), beet pulp, fish oil (preserved with natural antioxidants), rock salt*, dehydrated alfalfa*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca shidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), chamomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg). *Natural ingredients

FORMATS: 3 kg / 12 kg

SALMON

Top-range feed prepared with salmon as the single source of animal protein and without cereals. Provides an excellent alternative for resolving allergy and intolerance problems. The salmon also includes optimum levels of essential fatty acids that are very important for maintaining a healthy skin and a thick shiny coat.

COMPOSITION: Fresh salmon* (min. 30% before extrusion), dehydrated salmon (16%), salmon hydrolysate (14%), whole peas* (12%), cassava roots* (9%), animal fat (preserved with natural antioxidants), carob pods* (5%), dehydrated potato* (5%), apple* (1%), beet pulp, salmon oil (preserved with natural antioxidants), rock salt*, dehydrated alfalfa*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca shidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), chamomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg). *Natural ingredients

FORMATS: 3 kg / 12 kg

PORK

This grain-free recipe with pork as the single source of protein, is an excellent choice for addressing allergies and intolerances triggered by other sources of protein. Contains 50% fresh pork that provides proteins of high biological value, has exceptional flavour and is highly appetising, ensuring the best use of nutrients.

COMPOSITION: Fresh pork* (min. 45% before extrusion), dehydrated pork (20%), cassava roots* (8%), lard (preserved with natural antioxidants), dehydrated potato* (5%), fresh pig's liver* (min. 5% before extrusion), carob pods* (4%), brewer's yeast* (2%), beet pulp, linseed* (1%), apple* (1%), dehydrated alfalfa*, fish oil (preserved with natural antioxidants), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca shidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), chamomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg). *Natural ingredients

FORMATS: 3 kg / 12 kg

MINI LAMB

Particularly suitable for dogs between 1kg and 10kg adult weight who have digestive or skin sensitivities or intolerances. It is an excellent alternative to help discriminated allergy and intolerance to other sources of protein. Its formulation with 50% fresh lamb, high calorie content and very rich in protein, meets the high metabolic requirements of mini breeds.

COMPOSITION: Fresh lamb* (min. 50% before extrusion), dehydrated lamb (14%), animal fat (preserved with natural antioxidants), whole peas* (9%), cassava roots* (9%), carob pods* (5%), dehydrated potato* (3%), apple* (1%), beet pulp, fish oil (preserved with natural antioxidants), rock salt*, dehydrated alfalfa*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca shidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), chamomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg). *Natural ingredients
